CURRICULUM VITAE

PERSONAL DETAILS

- Name   **Phạm Phú Vĩnh**
- Year of Birth   1997
- Sex   Male
- Phone   0397686711
- Mail   phamphuvinh040197@gmail.com

OBJECTIVE

Looking for a position in the project where I could develop, manipulate experiences, communicate with co-workers to increase product high quality, make product scalability, and optimize system's performance as well.

Besides, I hope to join an environment which is able to learn, step up my skills as a Python Developer, improve self-skills and grow up with advanced opportunities to become a technical lead. Later, I want to change my position and become a Full-stack Developer if it's available.

PROFESSIONAL SUMMARY

- ❖ Full stack developer with 3+ years of experience building back-end systems.
- ❖ Strong knowledge of Python (Django)
- ❖ Have experience working with Front-end (VueJS) and AWS
- ❖ Ability to work under pressure and manage tasks with less-supervision.
- ❖ Have skill at solving problems, teamwork.
- ❖ Willing to learn new technologies.
